<p>1. Approval of Minutes</p>	<p>Minutes from April 12th Adjusted</p> <p>Amend Probation of RRWS #3 state: “the majority of the ICC recommends” instead of the ICC as a group recommends.”</p> <p>- Approved</p>
<p>2. CDC 15-242 Program Change Criminology & Justice Studies</p> <p>This Program Change makes several changes to the Criminology & Justice Studies major, which are all changes to restricted electives currently in the major.</p> <p>In the Core Requirements, SOC 372 (Proseminar) is changed to a restricted elective of either SOC 372 or SOC 472 (Graduate School Planning). SOC 472 was recently created and according to 15-251 (Program Change to Sociology major), which has an identical change, the addition of SOC 472 will allow students to better explore career options.</p> <p>The major contains four Knowledge Based Requirement areas (Inequalities, Identities, & Crime; Law; Justice & Policy; Social Research & Action Skills), where students are required to take one course in each area. Changes are made to the course lists in each area.</p>	<p>2. Consent Calendar 15-242</p> <p>- No Questions or concerns from the ICC.</p> <p>- Approved</p>

<p>Inequalities, Identities & Crime area: Remove SW 431 (Juvenile Delinquency)</p> <p>Law area: Add ES 306 (Narrating Genocide) and remove NAS 365 (Federal Indian Law II)</p> <p>Justice & Policy area: Remove both SW 442 (Advanced Social Work Methods) and SOC 370 (Environmental Inequality & Globalization)</p> <p>Social Research & Action Skills area: Add ANTH 318 Ethnography.</p> <p>Justification: Social Work courses are impacted making enrollment difficult for students in this major. The other courses were added or removed to help the course list meet program SLOs. Minimal impact on out-of-department courses.</p> <p>These changes do not change the number of units in the major.</p> <p>Recommendation: Approval (Bruce O'Gara)</p>	
<p>15-246 Course Change - CRIM 487 Community Action Research</p> <p>This proposal seeks to change the prerequisites for CRIM 487, which is a capstone course. The only change is the addition of "or SOC 472 (Graduate School Planning)" as a prerequisite (to the SOC 372 requirement)</p> <p>Recommendation: Approval (Bruce O'Gara)</p>	<p>15-246 - No questions or concerns from the ICC. - Approved</p>
<p>15-251 Program Change: Sociology</p> <p>This Program Change changes one of the Core Requirements from SOC 372 (Proseminar) to a restricted elective of either SOC 372 or SOC 472 (Graduate School Planning). SOC 472 is a recently added course and making this an</p>	<p>15-251 - Approved</p>

<p>alternative to SOC 372 allows students to explore career options and helps prepare them for graduate school.</p> <p>Recommendation: Approval (Bruce O'Gara)</p>	
<p>15-294 Program Change: History major (add course to World Areas course list)</p> <p>Adding new course HIST 319 - Emergence of the Modern Middle East (see proposal #15-296) to the World Area course list for the History major. Does not change total unit requirements for the major - simply adding an additional course to the World Areas course list. The World Areas list has fewer course offerings to choose from than either the Europe or US areas so this will support a more balanced and diverse curriculum.</p> <p>Recommendation: Approve (Jenni Robinson)</p>	<p>15-294</p> <ul style="list-style-type: none"> - No questions or concerns from the ICC. - Approved
<p>15-295 Program Change: History minor</p> <p>Increase upper division requirements to three courses (12 units) to provide greater variety and depth. This will bring the minor more in line with history minors at other CSU campuses. Also adjusting requirements at the lower division level as follows to accommodate and balance this change: now take HIST 110 or 111 instead of requiring both; choose one course from lower division HIST 10x list instead of requiring two.</p> <p>Total units for the minor will now be 22 units: 10 lower division, 12 upper division.</p> <p>Recommendation: Approve (Jenni Robinson)</p>	<p>15-295</p> <ul style="list-style-type: none"> - No questions or concerns from the ICC. - Approved
<p>15-296 New course proposal: HIST 319 Emergence of the Modern Middle East</p>	<p>15-296</p> <ul style="list-style-type: none"> - No questions or concerns from the ICC.

<p>This proposal is for a new 4-unit upper division course that was previously offered as a special topic. This will be an interdisciplinary offering exploring the Middle East through the disciplines of history and geography (cross listed with GEOG 319, see #15-298). HSU currently has limited course offerings focused on the Middle East. The cross-listed course will apply to the GEOG & HIST majors (see #15-297 & #15-294). The syllabus provides SLOs for course, department & university.</p> <p>RECOMMENDATION: APPROVE (Jenni)</p>	<p>- Approved</p>
<p>15-297 Program Change: Geography major (add courses to Regional Synthesis course list)</p> <p>Adding new course GEOG 319 - Emergence of the Modern Middle East (4 units, see proposal #15-298) and GEOG 375? Geography of Tibet & the Himalaya (3 units, see proposal #15-299) to the Regional Synthesis course list. This leads to an optional increase of 1 unit in the major, but it does not require an increase in overall units because students still have other 3 unit courses in the Regional Synthesis course list to choose from instead. This will increase available regional course offerings to Geography majors and adding the cross-listed course GEOG 319 to the major will lead to greater efficiency across departments and the college.</p> <p>Recommendation: Approve (Jenni Robinson)</p>	<p>15-297</p> <p>- The 15-298 course is mentioned in 15-297; the document was in the CDC outbox. Cindy suggested the ICC hear a summary from Jenni, so that the ICC may pass 15-297 and 15-298 as a packet.</p> <p>It was noted that the course which was previously taught abroad, will be taught here at HSU.</p> <p>-Approved</p>
