SW 555: Foundation Internship: Change C-class from 1 unit C-5 and 2 units C-17 to 1 unit C-8 and 2 units C-17. This is a C-class clean-up change. The C-5 portion of the course has always met for 2 hours, which is incorrect; changing to C-8 will fix that. With this change the WTUs will also be corrected by the addition of another .3 WTUs.

13-308: Native American Studies: New Minor in Indigenous People, Natural Resource Use and the Environment
13-309: Native American Studies: New Minor in Tribal Leadership

Provost that the new Native American Studies Minors described in curriculum forms 13-308 and 13-309 be approved.

Resolved: That the University Senate of Humboldt State University recommends to the Provost that the new Native American Studies Minors described in curriculum forms 13-308 and 13-309 be approved.

Rationale: The two new NAS minors are:
  Indigenous People, Natural Resource Use, and the Environment
  and
  Tribal Leadership
Both the NAS program and the ICC believe that these minors should help provide valuable focused study especially for Native students who are not majoring in NAS, but who want expertise that will complement their major area of study and will prove beneficial for their Tribal Nations.

The ICC expects that these minors should be able to meet the expected standards of at least 2 graduates per year. If they do not, then further curriculum revision will follow.
