

ICC Minutes for Tuesday August 25, 2015
NHE 113
9:00 a.m.

ICC Members:

AMP: Rock Braithwaite, Jená Burges, Matthew Dean, Mary Glenn, David Greene, Carl Hansen, Chris Hopper, Matthew Hurst, Cindy Moyer, Scott Paynton, Sarah Fay Philips, Clint Rebik, Rick Zechman, **Grad Council Rep**

CDC: Jodie Baker, Ricardo Febre, Gregg Gold, Bruce O’Gara, Anne Paulet, Jenni Robinson,

GEAR: Mary Dingle

APC: Andrew Stubblefield

Students: vacant (2)

Minutes-taker: Kyle McInnis

Guests: Josh Smith, Chemistry/Physics
Kim Berry, CRGS

1. Approval of Minutes	1. Approval of Minutes - Approved
2. Consent Calendar ICC_SUMMARIES, 14-229 CHEM 198: Supplemental Instruction - Change from one unit C-7 to 1 unit C-78 to correctly assign the right number of CHEM 198 WTUs (which are actually 0, since the course is taught by upper division students and coordinated by the Learning Center). ----- 14-229 PHYX 198: Supplemental Instruction - Change from one unit C-7 to 1 unit C-78 to correctly assign the right number of PHYX 198 WTUs (which are actually 0, since the course is taught by upper division students and coordinated by the Learning Center). ----- 14-231 CHEM 323: Nuclear Magnetic Resonance Spectroscopy Techniques - Change from 1 unit of S-36 to 1 unit of C-78 to make the WTUs align appropriately with the instructor's workload. ----- 14-303 ANTH 374: Cultural Resources Management - Change Course number from 374 to 354 so all the archeology electives will be numbered 35X. ----- 14-308 Forestry Major - Eliminate the choice of BIOL 105 or BOT 105 and required all Forestry majors to take BOT 105 - because Forestry students study plants ----- 14-320	2. Consent Calendar 14-229 - Approved 14-230 - Approved 14-231 - Fixed typo, Approved 14-303 -Approved 14-308 - Approved 14-320 - Fixed typo, Approved

<p>BIOL 410: Cell Biology: change pre-reqs - drop CHEM 109 because it's already a pre-req for one of the other pre-reqs, add BIOL 440: Genetics Lab as a recommended, but not required, course because students do better in BIOL 410 after having taken the Genetics Lab.</p> <p>-----</p> <p>14-324</p> <p>Math 105: Calculus for the Biological Sciences and Natural Resources - change pre-reqs from Math 114 or 115 to (113 and 114) or 115. Math 113/114 is a two-semester version of 115, with 113 as a pre-req for 114. However, the Math department is discovering that transfers have often taken Trigonometry (114) at other schools without having taken Pre-calculus (113), and thus are not adequately prepared for 105.</p> <p>-----</p> <p>14-325</p> <p>ANTH 394: Archaeology of North America - change title to Regional Survey of North America Archaeology, and revise course description. The department has found that attempting to cover all of North American archaeology in one semester was unsuccessful. The revised version will be a variable topics course focusing on a different region with each offering.</p> <p>-----</p> <p>14-327</p> <p>ANTH 374: Cultural Resources Management - change course number to 354 in order to have all the archaeology electives numbered 35#.</p> <p>-----</p> <p>14-328</p> <p>REC 342: Expedition Planning and Leadership - change course number from 342 to 430 because this is a capstone course, and thus should have a 400-level number.</p> <p>-----</p> <p>14-344</p> <p>Multicultural Queer Studies Minor - add CRGS 235: Act to End Sexualized Violence to this list of Elective Courses.</p> <p>-----</p> <p>14-345</p> <p>Women's Studies Minor - add CRGS 235: Act to End Sexualized Violence to this list of Elective Courses.</p> <p>-----</p> <p>14-351</p> <p>English MA in Peace Corps Service with TESL Emphasis - In program title, change from TESL (Teaching English as a Second Language) to TEFL (Teaching English as a Foreign Language) because students in this program do their work in a foreign country.</p>	<p>14-324 - Approved</p> <p>14-325 - Approved</p> <p>14-327 - Approved</p> <p>14-328 - Approved</p> <p>14-344 - Approved</p> <p>14-345 - Approved</p> <p>14-351 - Approved</p>
--	--

<p>-----</p> <p>14-354 KINS 474: Psychology of Sport and Exercise - add registration restriction to prevent freshman and sophomores from taking the course because the course is intended for students will upper-division skills.</p>	<p>14-354 - Approved</p>
<p>3. CDC Curriculum Proposals</p> <p>14-242 SOC 665: Community, Ecology & Social Action. This new course proposal will give a permanent course number for a course that was previously taught as a SOC 680 special topics course. The course title will change from SOC 680 Public Sociology, Ecology & Action to SOC 665 Community, Ecology & Social Action. This course will be a required course (in the Common Coursework section) for the Sociology MA. It is anticipated that students in the Social Science (Environment & Community) MA program will also take the course (although it is not required). The syllabus complies with the University standards.</p> <p>Recommendation: Approve (Bruce O'Gara)</p>	<p>3. CDC Curriculum Proposals</p> <p>14-242 - Approved</p>
<p>5. CSU Ethnic Studies Task Force</p>	<p>5. CSU Ethnic Studies Task Force The presented document recommended several strategies for the growth of Ethnic Studies courses in the CSU system. Improvements were recommended in the Area E GE courses, as well as in the advising system to guide more students to ES courses at HSU. The committee provided a multitude of feedback on the presented document. Some concerns include: - Limited platform for feedback, as the online response form is limited to 1400 characters. - Misconception regarding Title V and GE courses, Title V does NOT preclude one from taking Ethnic Studies as a GE. - Broad policy changes across the CSU should be avoided, as they could negatively affect other campuses not experiencing the issues at hand.</p>
