5. AMP –

Criteria for Approving Minors - revised

09-454: International Studies: Pacific Basin Studies – eliminate this concentration
The only student in the option graduated in Spring '10. The option requires a Geography minor that has been discontinued by the Geography department. Thus the IS faculty advisors have decided to eliminate the concentration.

09-455: International Studies: Islamic Culture Studies – eliminate this concentration
Very few students have chosen this concentration; presently there are only 4 students in the concentration. (They will be able to complete the concentration as planned.) In addition, not enough courses are offered regularly to allow students to progress through the option. For these reasons, the IS faculty advisors recommend eliminating the concentration.

6. CDC –

09-363 & -364 MUS 340-Junior Recital and MUS 440-Senior Recital

Music Performance Option students must complete recitals in their Junior and Senior years, but recitals were not formalized as courses which made tracking completion of degree requirements difficult. Proposal is to create 0 SCU, 0 WTU, CR/NC recital courses. Creation of courses enhances record keeping and does not increase resource demand. The 0 unit recital course was found to be compatible with DARS. Recommend Approve. [Grace]
