Brandon Schwab, Rick Zechman

CDC: Jodie Baker, Gregg Gold, Chris Harmon, Anne Paulet, Clint Rebik, Marlon Sherman

Others: Elisabeth Harrington, Mark Medrano, Ed Nuhfer

1. Approval of Minutes

2. Consent Calendar

13-081

Fisheries Biology Program Change - The Senate has now approved the Fisheries program as meeting the requirements for UD GE Area B. As a result, this program change, demonstrating that the Fisheries program now requires 120 units, should also be approved.

13-227

FISH 434: Biology of Pacific Salmon - add STAT 109 as pre-req because students need that STATs knowledge in order to succeed in the course.

13-229

SOC 682: Teaching Internship - change course description - the current course description indicates that the student's internship will involve teaching in SOC 201. The revised description will not specify in which course the teaching internship would occur.

3. AMP Draft Guidelines for Approving New Certificate Programs.

4. GEAR HSU Action Plan for AAC&U (revised 6/12)

5. AMP: FYE Course response letter

Note: At the last Senate meeting in the Spring, Ken Fulgham suggested that a FYE course should be widely vetted around campus as part of its development. I promised to share this comment with the ICC.

Adjourn to subcommittees?
